GIVE UP ALL SUBS

FOCH, AFTER MEETING ENVOYS DRAFTED NEW CLAUSES

TIGHTENED THE TERMS

Instead of 50,000 Railroad cars, 150,000 Must Be Turned Over.—Must Leave Russia Quickly.

Special to The Democrat-Forum.

Washington, Nov. 13.—Amendments of the armistice terms made by Marshal Foch after his first meeting with the German plenipotentiaries as announced tonight by the state department include the delivery to the United States and the Allies of all of Germany's submarines, instead of the 160 specified in the original draft of the armistice.

Another amendment specifies that "the countries on the left bank of the Rhine evacuated by the Germans shall be administered by the local troops of occupation," instead of by the local authorities under the control of the armies of occupation.

Left to Allies' Discretion.

Instead of the immediate withdrawal of German troops from Russia, as originally provided, the amended terms specify that they shall be withdrawn "as soon as the Allies, taking into consideration the internal situation of these territories (of Russia), shall decide that the time for this has come."

Reduction is made in the amount of certain military equipment to be delivered by the Germans to the associated governments, including 25,000 instead of 30,000 machine guns and 1,700 airplanes instead of 2,000.

The number of railway cars to be delivered, however, is increased threefold, from 50,000 to 150,000. It is against the delivery of this amount of rolling stock that Dr. Solf, the German foreign secretary, has protested to President Wilson, insisting that the distribution of food in Germany to the civilian population will be greatly hampered.

Another amendment provides "that the Allies of the United States should give consideration of the provisioning of Germany during the armistice to the extent recognized as necessary."

In Hands of the Military.

To assure the execution of the armistice convention "under the best conditions the principle of a permanent international armistice condition is permitted." This commission will "act under the authority of the Allied military and naval commanders in chief."

An amendment to the naval clause provides that all vessels designated to be interned shall be ready to leave German ports within seven days of the signing of the armistice. Directions for the voyage to either neutral ports or those of the Allied countries to be designated, will be given by wireless.

Other amendments include:

"Renunciation" instead of "abandonment" of the treaties of Bucharest and Brest-Litovsk and of supplementary treaties.

Evacuation by all German forces operating in East Africa within a period to be fixed by the Allies instead of within one month.

German troops are required to withdraw immediately from Austria-Hungary as well as from Rumania and Turkey. Evacuation by the enemy of the Rhine lands (left and right bank) shall be so ordered as to be completed within thirty-one days in all after the signing of the armistice, instead of nineteen days.

THREE BIG SHORTHORN SALES

Barber, Ogden and Bellows Events Will Attract Buyers This Week.

Much interest is being taken in the three big Shorthorn sales in Nodaway county this week and buyers from many states are expected to attend. F. C. NON-WAR BUILDING REVISED

Commercial Construction Under $10,000 and Public Buildings Costing Less Than $25,000 Need No Permits.

Following the signing of the armistice public and commercial building of a non-war character within certain limits may now be resumed. In a letter to W. C. Pierce, county chairman of the Council of Defense, Frank M. Robinson, state secretary, advises as follows:

All commercial non-war construction costing less than ten thousand dollars and church, hospital and public buildings costing less than twenty-five thousand need no permits. This applies to applications previously rejected, also all work begun previous to September 3 and substantially completed can proceed. Letter covering details follows. Urgent need for councils. Keep them intact. Washington advice.

DIED AT GREELEY, COLO.

Contracted Pneumonia While Visiting Relatives in the West.

Mrs. Earl Bever of Burlington Junction, has received word of the death of her sister-in-law, Mrs. B. F. Carson of Mound City, who died last Friday at Greeley, Colo.

Mrs. Carson's death was due to pneumonia and she was visiting relatives at Greeley when she contracted influenza which developed into pneumonia.

Sweden Would Be Republic

London, Nov. 13.—The German revolution is strongly impressing Swedish socialists, said an Exchange Telegraph dispatch from Copenhagen. A manifesto was issued in Sweden yesterday calling for a conference of socialists at Stockholm, the socialists demanding the formation of a workmen's and soldier's councils in order to establish a Swedish republic and an eight hour work day.

To Distribute Crown Lands.

Paris, Nov. 13.—The king of Roumania has proclaimed universal suffrage for both sexes and the distribution of great estates in crown lands and in Bessarabia, said a Jassy dispatch today. The king has appealed for order in his country.

'TAME AS RABBITS'

YANKEE SERGEANT DISCUSSES CONTENTED GERMAN PRISONERS

MAKE GOOD WORKMEN

They Are Well Treated, Comfortably Housed and Well Clothed and Fed.—Sentiment Doesn't Figure.

New York, Nov. 13.—"These guys?" snorted the sergeant. "They're tame's rabbits and damned glad to be here."

"These guys" were a bunch of German prisoners in our largest prison camp in France. The United States has three camps, two for men and one for officers, but the censor won't permit the revealing of their locations.

I was in one of the men's camps. The sergeant on guard was a Texan, "Buck" McKay, he'll answer to and tell you there's no town like Tyler, but he didn't think much of his charges, although in his opinion they were more to be pitied than scorned.

"You couldn't chase 'em away," added the sergeant. "Ask 'em how they like it."

The conducting officer said it would be no breach of the rules, so I followed the advice. There were over a thousand Fritzes in the camp, but a number of them were away on their daily jobs. The others were doing odd jobs around the camp.

One and all saluted when we approached them and smiled in pleasant anticipation. Did they get enough to eat? Sure they did, the same rations as the American troops. The hours they kept at work were the same as those laid down for the American army Their tobacco allowance was the same as that of the American soldier.

Twice a week they had the privilege of writing back to the "Vaterland" and of telling how they were faring. On Sundays they rested and hung around and smoked. The officer in charge of one of the prison gangs said they were good workmen, too. One of them, a non-commissioned officer, got into conversation with the captain one afternoon about the work in question.

"Herr Captain," declared the German naively, "with our efficiency and under your able direction we ought to be able to accomplish wonders."

The captain agreed and directed the under-officer to get all the efficiency he could out of his men. The boche did. He sub-organized the gang from an intimate knowledge of his men and their capacities and waltzed through their job in record time. He got an extra tobacco allowance for his pains.

The prisoners are well treated, comfortably housed and well clothed. When their own clothes become too ragged for wear they are given dyed suits from the Q. M.'s, with large "P. W.'s" stamped on the back.

There's no sloppy sentiment in the American army about winning over prisoners with kindness, but they're treating them well for the sake of the Yanks in Germany.

APPRECIATES SWEATER

Mrs. V. A. Guthrie Received a Letter From Officer at Camp McArthur.

Mrs. V. A. Guthrie living northwest of the city, is in receipt of the following letter from a soldier at Waco, Texas, in which he expresses his appreciation for the sweaters issued by the Red Cross to the men. The sweater spoken of is one made last spring by Mrs. Guthrie, who has been a loyal Red Cross worker at all times.

Camp McArthur, Texas, Nov. 3.

Dear Lady: I hope you will excuse the liberty I am taking in writing you a brief note to express my appreciation of your sweater, which I received today. The weather here is rather cold at present and we can all the more appreciate the comforts of sweaters. We received quite an assignment so that all the men here are provided for and from the expression of gratitude made on all sides, I feel sure that could the ladies who so generously provided us with these comforts hear them they would not feel that their endeavors had been in vain. It is the knowledge of nobleness and generosity of our women folks, that sends our boys in to battle with a smile and steels their hearts to win one of the world's most terrible wars. Would say, that so far as I am personally concerned, that I would rather be a dead American in the cause of honor for home and freedom than be the king of all the world with the banner of Kaiser Wilhelm. I have been three on the Spanish American war, in the Boxer Rebellion in China in 1900 and with General Pershing in Mexico and could I have had my own way would have been in France long ago, but I must stay here in this officers' training school for six months longer before I can leave. I am hoping at the end of that time to be commissioned and sent to France so that I too may do my bit for our country and American homes.

Will close now, once more thanking you for your gift which is highly appreciated and wishing you every happiness, I am gratefully yours,

SERGT. HENRY EWING,
Co. D, Central Officers Training School, Camp McArthur, Texas.

FROM "HOTEL de UNDERGROUND"

Omar Fisher Goes on Some Interesting Expeditions.

Mr. and Mrs. O. P. Fisher have received the following letter from their son, Omar F. Fisher, who is in active service in France.

Hotel de Underground, France, October 5, 1918.

Dear Mother: Received your letter of Sept. 16, this evening. I am now in a dugout, sitting on the floor by a candle on an old bucket turned bottom side up, writing this letter. We are now back of the lines in rest camps. We are the brigade reserve. Last night as we were coming up here we met the artillery boys with their horses going down the roads to their guns. I recognized one of them as Pete Warren. The only thing we got to say was "How are you?" Halley Ford is in the same battery. Didn't get to see him. I have been close to Paul's battery several times but never able to see him. I was out all morning with the lieutenant on a reconnoitering expedition. Saw some wonderful sights. Went through a bunch of dug outs that the German officers had. They were sure swell, had big tables and cushioned chairs, electric lights and a piano. Had them fixed up as if they intended to stay. It sure is interesting to get to go around and see those places and the work I am now doing gives us more chances to see things.

You wanted to know where I am located in France. Well, I can't tell but if you read the papers very carefully you can probably tell. Have you heard the latest name for the 89th? I heard that General Pershing had named them the "wildcat division." That is some name. They were given it for the way they fought and went ahead on the big drive. Would like to tell you all about it but it would take too long.

Joe Archer and I have been bunking together for the last two months.

Well, tell everyone that I am O. K. Never felt better in my life and it is not so bad as some people think it is over here. Whatever you do, don't worry and give my love to all.

'FLU' IS NO BETTER

OVER 100 PATIENTS ARE REPORTED BY PHYSICIANS

HOSPITAL IS NOW FILLED

Is General Belief That Disease Is Appearing in Milder Form Than at First.—6 New Cases Today.

Dr. F. R. Anthony reported no cases under treatment.

Dr. A. B. Allen reported no cases at present.

Dr. J. H. Todd reported two cases under treatment; no new cases today.

Dr. Vilas Martin reported twenty cases under treatment, two new cases had been taken this morning.

Dr. F. M. Martin reported ten patients. Three new patients today were in country homes.

Dr. W. W. Turner reported nine cases under treatment; no new cases today.

Dr. Clark reported five patients under treatment; no new cases today.

Dr. F. M. Ryan reported eight patients; no new cases were had.

With over one hundred cases of influenza in Maryville not including some thirty or more cases at St. Francis hospital, it can be stated definitely today that conditions do not show improvement. Seven new cases are reported.

In an effort to ascertain exact conditions the Democrat-Forum secured from every physician in the city a report of the number of cases that were being treated. The report is given herewith:

Dr. Earl Malotte reported eleven cases under his care with three new cases this morning.

Dr. Frank Wallis said he had ten cases, no new ones having been had.

Dr. K. C. Cummins said that he had twenty-five cases with one new case taken this morning.

Dr. W. M. Wallis, Sr., was out of the city and no report from him was obtainable.

Dr. J. R. Juvenal reported two patients under treatment, both quarantined yesterday.

Dr. W. J. Lininger reported no influenza patients at present.

At the office of the city physician it was stated that no new cases had been reported. The report as given to the Democrat-Forum shows that six new cases were taken under treatment today.

It is the opinion of the physicians generally that the disease is appearing in milder form than at first and is proving easier to handle. One said that if those afflicted with the disease would go at once to bed and remain there until completely well, there was less trouble of complications and less opportunity to spread it.

Another physician said that he believed it would be found necessary to take a complete canvass of the city to determine the number of cases and that strict quarantine must be enforced with cards up at each place before the city would be rid of the epidemic.

Many houses where there are influenza patients have no warning cards.

TO DROP 18 WAR MEASURES

With Peace Proclamation Uncle Sam's Big War Machine Will Start Dismantling.

Washington, Nov. 13.—Eighteen important war measures adopted by the sixty-fifth congress in its two war sessions, will go off the books shortly after a proclamation of peace by the President, according to a statement prepared for the senate by Majority Leader Martin. The most important of these measures are those which control the motor transportation systems of the United States and the telegraph and telephone lines of the country. The railway control law provides that federal supervision shall "continue for and during the period of the war and for a reasonable time thereafter, but shall not exceed one year and nine months next following the date of the peace proclamation.

UNITED WAR WORKERS BUSY

Few Townships in County Have Yet Reported on Drive, But "Goal Will Be Reached" They All Say.

With the United War Work Fund campaign still under way and reports coming in at intervals, township Chairman J. B. Robinson said this afternoon that it was not possible at this time to say just how Polk township stood. "We are busy casting up the returns," said Mr. Robinson, "and with but a few of the committee yet through and reporting we are not able to say how we stand; we are going to reach our goal, however." It is believed from incomplete reports had early this morning that the county is more than half way to the goal.

All committees that have so far reported say that they have met with generous responses and some large subscriptions have been made. District Chairman S. G. Gillam and the various county and township directors are confident that all quota will be secured before the week is ended.

GREATER SAVING REQUIRED

Exports of Food Stuffs From United States Must Be Increased by One Half This Year.

Increasing the monthly household allowance of sugar from two or three pounds for each person, which was announced recently, must not be taken as meaning that the conservation of foodstuffs generally is not now fully as important as it was at the height of the sugar shortage, according to F. B. Mumford, federal food administrator for Missouri. While the sugar situation has improved, largely due to the aid of the American housewife in reducing consumption, and to the availability of new domestic cane and beet sugar, the need for greater exports in other lines is no less marked, he said. The United States must increase its food exports by one-half from a stock no larger than last year's.

"Of this the housewife alone saved a total of 13 million barrels of flour or a saving equivalent to approximately 24 pounds of flour for every man, woman and child in the United States.

PLAN MURDER OF SOCIALIST

Revolution in Germany Is Being Aided by Bolshevists.—Council Protects Kaiserin and Daughters.

London, Nov. 13.—There was fighting all day Tuesday in Berlin, said an Exchange Telegraph dispatch from Copenhagen today. Four hundred junker officers held several buildings in Under den Linden, giving battle to the Reds. The Bolshevikists plan to assassinate all socialist leaders in Europe, says the Copenhagen Social Politiken. The council of workmen and soldiers in eBrlin is protecting the kaiserin and princesses, wife and daughters of the former kaiser, in Potsdam palace, said a News Agency dispatch from Copenhagen.

Former Sovereign Accepts Holland's Internment Terms.—Find Body of Crown Prince, Killed by His Own Troops.

London. Nov. 13.—The Allied command has notified the German army command that there will be no modification of the present armistice conditions, said a French wireless dispatch, except an extra twenty-four hours that will be allowed for the evacuation of Belgium and Alsace-Lorraine.

Washington, Nov. 13.—By the direction of President Wilson, Secretary Lansing notified Dr. Solf, German foreign secretary that everything possible would be done to relieve famine conditions in Germany. Secretary Lansing told Dr. Solf that the President has already announced here that the Allied conference at Versailles had unanimously agreed to take every possible step to afford relief.

London, Nov. 13.—The former German kaiser has accepted the Dutch government's internment terms, said an Exchange Telegraph today from Amsterdam.

Amsterdam, Nov. 13.—The independent German socialists in the German government have decided to establish a tribunal to try Admiral von Tirpitz, General Klem, Dr. Knapp, a leader of the Fatherland party, Admiral von Lietzendorff and others responsible for the continuation of the war, said a dispatch to the Telegraf today.

Washington, Nov. 13.—The peace conference will be expedited as much as possible. Administration officials said today the President was already speeding up the preliminary machinery, as he probably more than any other individual, realized that only an almost immedite peace will check the German anarchistic movement.

London, Nov. 13.—The German crown prince was assassinated by his own troops according to an Exchange Telegraph dispatch today from Paris, quoting advices from Berne. The body was found in a railway coach. In addition to being shot the prince was also bayonetted. He was killed by troops that were escorting him into Holland.

Clun Price in England.

Sends Interesting Description of the Country to Home Folks.

Mr. and Mrs. John P. Price have received the following letter from their son, Clun Price, with the American Aerial Photographic Corps, who had just arrived in England.

Somewhere in England, Oct. 19.

Dear Folks: At last we are on solid land again. It sure does feel good to walk on something that isn't rocking. We just set our feet on British soil Thursday evening at 5:30. My first impressions of England are great. We went from the dock to the station and stayed there until 9:30. It was a large station and contained Red Cross canteens, Y. M. C. A. stations, etc. At the R. C. station we were served hot coffee and crackers. At the Y. M. C. A. we purchased some English money and started out to buy something. I found a little shop where cakes, candy, etc., were sold. It was filled with soldiers bent upon the same errand as myself. It was fun to watch us. We merely stated we wanted so many of this or that and held out our hand full of money and let them extract what covered our purchase. We had the misfortune of making a trip across England in the night but as it wasn't a personally conducted "Cook Tour," we didn't kick. I am not crazy about the railroads here. Each coach is divided into compartments holding 8 each. You get about the same sensation as you would in riding a "flivver" on the North Main street paving at home. At midnight we got off the train at some large town and were served hot coffee and biscuits by the Red Cross women. It was a real treat. No matter where we go we find the faithful Red Cross women ready to serve us. When we could see the country, I was greatly impressed with what I saw. The rural communities are beautiful. The farms are divided into small, irregular shaped fields, enclosed with ornamental hedges. The dwellings are all stone and the outbuildings are small thatched affairs. Everything is neat and clean as a picture. The stone houses are all similar and built right on the street. We arrived at our destination at 8 o'clock and after a mile hike, with pack we reached our camp. It is a rest camp and we are only supposed to remain a few days before we go to France. Soon after we arrived we were given our bedding and assigned our bunks. Our bedding consists of four extra blankets, a tuftless mattress and a pillow. My mattress doesn't compare with a "Sterns & Foster" but it conforms to the government sanitary bedding law. I know for I made it myself. We were given a tick and pillow case and I filled them with straw. The foundation of our beds consisted of nice soft pine boards raised about six inches above the floor. It worked fine though. That evening I went down to the Church of England institute where they have a piano, tables for writing, etc. Tonight I took a walk down to the little village near here. It was all open and one could buy anything from a biscuit to second hand furniture.

There are rest camps all around here and one sees Australians, New Zealanders, Canadians and British soldiers, who have been in France three and a half years and are here for a month's rest.

Well, I have described things to the best of my ability and I think you will see that I am enjoying it immensely, if I may speak of army life in that manner. * * *

With love to all,
CLUN.

Druggists Still Asked To Conserve Stocks of VapoRub Needed in "Flu" Districts

Influenza Epidemic Is Decreasing in Most Sections and the Demand Is Slackening, But We are Still 18,000 Gross Behind on Orders and It Will Take Some Time to Catch Up.

THREE MILLION JARS SHIPPED DURING OCTOBER.

On Monday, October 21, we addressed an advertisement to the wholesale and retail drug trade, advising that we were badly oversold, due to the influenza epidemic, stating that all deals and quantity shipments were postponed, and requesting that VapoRub be purchased in small lots only. This condition still prevails.

At this writing we have back orders for eighteen thousand (18,000) gross and our orders each day are double our daily output. The epidemic, however, is decreasing in most sections, the demand is slackening, and we are working night and day to catch up. In the meantime, we ask the trade to be patient with us.

ENORMOUS SHIPMENTS HAVE WIPED OUT EXCESS STOCKS.

On October 1 we had on hand at the factory and in twenty warehouses over the country a tremendous stock of VapoRub, accumulated during the summer months. This is now gone—we actually shipped during the month of October over three million jars of VapoRub. We are speeding up our factory as much as possible and the problem now is to distribute the factory's output as quickly as possible. We have, therefore, for the time being, abandoned freight shipments and are shipping either by Parcel Post or express—trying to give each jobber at least a little stock.

IMMEDIATE SHIPMENTS TO DRUGGISTS IN INFLUENZA DISTRICTS.

Preference is being given to those sections stricken by influenza. In order to reach these sections as quickly as can be, we are, during this emergency, making shipments by Parcel Post, direct, to the retail trade, of not more that three (3) dozen 30c size in any one shipment. We prefer that the jobbers order these shipments for their trade, but to save time we will, if the need is urgent, ship direct on receipt of check. Naturally, no new accounts can be opened during this rush.

SAMPLES AND INFLUENZA BOOKLETS FREE ON REQUEST.

We have prepared a little folder giving all the information available so far on Spanish Influenza—its origin—the symptoms and the treatment, and these will be forwarded to druggists on request. We will also be glad to mail to any individual one of these booklets, together with a quarter ounce sample, free.

HOW TO USE VAPORUB IN TREATING SPANISH INFLUENZA.

In every case call a physician—VapoRub should be used only in connection with the physician's internal treatment.

Apply hot, wet cloths over the throat, chest and back between the shoulder blades to open the pores. Dry lightly and rub VapoRub well in until the skin is red—spread on thickly and cover with hot flannel cloths. Leave the bedcovering loose around the neck, as the body heat releases the ingredients in the form of vapors. These vapors, inhaled with each breath, stimulate the lining of the air passages to throw off the influenza germs. In case of head or chest cold, which often accompanies influenza, the vapors tend to keep the air passages open, loosen the phlegm and make the breathing easier. In addition, VapoRub is absorbed through and stimulates the skin, attracting the blood to the surface, and thus aids in relieving the congestion within.

HOW TO USE VICK'S VAPORUB AS A PREVENTIVE.

It is questionable if there is anything which will prevent Spanish influenza, except avoiding those persons who are spreading the disease by coughing, sneezing and spitting, and by keeping up the bodily resistance by plenty of good food and exercise in the open air. The Public Health Service recommends that the nasal passages be coated with a weak solution of Menthol in liquid petroleum as a protective. For this purpose VapoRub is excellent. Just put a small portion up each nostril from time to time during the day and sniff well back into the head.

KEEP FREE FROM COLDS BY INHALING VAPORUB.

Colds irritate the lining of the air passages and thus render them a much better breeding place for the germs. At the first signs of a cold use VapoRub at once. Melt a little in a spoon and inhale the vapors arising, or VapoRub can be used in a regular benzoin steam kettle, such as most druggists carry in stock. If this is not available, a very good substitute to use is an ordinary tea-kettle. Fill half full of boiling water—put in half a teaspoon of VapoRub from time to time—keep the kettle slowly boiling and inhale the steam arising.

PHONES—OFFICE 42. HOME 683

Confirm Appointment of D. A. R. Officers.

At a called meeting of the executive board of the Maryville chapter of the Daughters of the Revolution held yesterday afternoon, Mrs. Fred Harvey was appointed recording secretary in the place of Mrs. L. C. Gann, who resigned the office. The officers of the chapter, elected last spring, were confirmed at this meeting. The national chapter has ruled that all officers be chosen in November and as the local chapter had elected their officers last spring the formal confirmation of these officers was made yesterday. Hereafter the offices will be filled in November. The present heads are Mrs. Will J. Montgomery, regent; Mrs. Joseph Jackson, Jr., vice regent; Mrs. Fred Harvey, recording secretary; Katherine Helwig, corresponding secretary; Miss Mary Q. Evans, treasurer; Mrs. C. C. Corwin, historian; Mrs. D. J. Thomas, registrar; Miss Ethel Embree, librarian and Miss Elizabeth Leet, custodian.

XX Century and D. A. R. Give to War Relief.

The Twentieth Century Club and the Maryville Chapter of the Daughters of the American Revolution each subscribed $25 to the United War Work Fund. The gifts were made at executive committee meetings of each organization called yesterday afternoon for that purpose. The gifts are taken from the regular funds of the club and chapter.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young — to do this you must watch your liver and bowels — there's no need of having a sallow complexion — dark rings under your eyes — pimples — a bilious look in your face — dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

"BEST MEDICINE FOR WOMEN"

What Lydia E. Pinkham's Vegetable Compound Did For Ohio Woman.

Portsmouth, Ohio.—"I suffered from irregularities, pains in my side and was so weak at times I could hardly get around to do my work, and as I had four in my family and three boarders it made it very hard for me. Lydia E. Pinkham's Vegetable Compound was recommended to me. I took it and it has restored my health. It is certainly the best medicine for woman's ailments I ever saw."—Mrs. SARA SHAW, R. No. 1, Portsmouth, Ohio.

Mrs. Shaw proved the merit of this medicine and wrote this letter in order that other suffering women may find relief as she did.

Women who are suffering as she was should not drag along from day to day without giving this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice in regard to such ailments write to Lydia E. Pinkham Medicine Co. Lynn, Mass. The result of its forty years experience is at your service.

When Peace Comes

Don't jump at conclusions—

Don't think that "the boys over there" will be back on the next boat—

It took two years to get them all there. It will take some time to get them all back, and there will be a lot for them all to do before any one of them comes back.

Don't think that you won't need to save food any more---

Remember there are millions of people who will have to depend upon the United States of America for practically everything they get to eat for a year or more after the war is over. This means we must continue voluntary rationing until Europe and the rest of the world can plant new crops and grow them.

Don't think that man-power will no longer be needed---

Three million men are still out of industry. Government war work will continue at top speed for a long time, even after peace has been assured.

Don't think that transportation will be normal at once again---

The railroads all over the country will have more than they can do in transporting Government supplies, raw materials and essentials for a long time to come.

Don't think that the Government will stop work on great contracts for armament---

Plans for the Navy alone are not one-third completed, we understand, war or no war, and these are only part of the Government's defense plans.

Don't think that peace will at once stop the march of rising prices---

Many factories will never again produce goods for civilians, many others will not produce such goods for some time to come, none will be able to make their product at lower prices until they can buy the raw materials for less and their present other costs diminish. This won't happen until there's far more raw material than now to draw upon, and until there are enough men released from military service to run the mills with their former speed and output.

Don't think that there will be more goods from which to choose immediately---

There is likely to be less before there is more. First, for the reason above, and second, because in this store now, for instance, are immense stocks of goods purchased at former costs. They are of better qualities in many instances that are being produced today. Much of this merchandise could not be duplicated today at any price, because the kinds and qualities are simply not being manufactured now. Much of this merchandise, if replaced, would now cost much more than it did. Consequently, at this store you need not pay prices based on the present higher costs, but you may, while present stocks last, continue to pay prices figured on the former lower costs.

So you see even when peace is absolutely certain, peace conditions for us all will impose many duties no less necessary than those of war.

May we never be guilty of the error of rash hopes or the abandonmen of self-restraint. May we never jump at conclusions—but continue to be earnest and of sound, good judgment, that the great wonder of peace may spread its joys and its blessings throughout this land of ours gradually, naturally, wisely as it should, without interruption.

SPANISH INFLUENZA

Do not Fear When Fighting a German or a Germ!

By DR. M. COOK

The cool fighter always wins and so there is no need to become panic-stricken. Avoid fear and crowds. Exercise in the fresh air and practice the three C's: A Clean Mouth, a Clean Skin and Clean Bowels. To carry off the poisons that accumulate within the body and to ward off an attack of the influenza bacillus, take a god liver regulator to move the bowels. Such a one is made up of May-apple, leaves of aloe, root of jalap, and is to be had at any drug store, and called "Pleasant Purgative Pellets."

If a bad cold develops, go to bed, wrap up well, drink freely of hot lemonade and take a hot mustard footbath. Have the bedroom warm but well ventilated. Obtain at the nearest drug store "Anuric Tablets" to flush the aches. Take an "Anuric" tablet every two hours, together with copious drinks of lemonade. If a true case of influenza, the food should be simple, such as broths, milk, buttermilk and ice cream; but it is important that food be given regularly in order to keep up patient's strength and vitality. After the acute attack has passed, which is generally from three to seven days, the sytem should be built up by the use of a good iron tonic such as "Ironic" Tablets, to be obtained at some drug stores, or that well known blood-maker and herbal tonic made from roots and barks of forest trees—sold everywhere as Dr. Pierce's Golden Medical Discovery. Public Notice

To any person that wants to make more money, come to Wyoming and buy you a farm where the crop in one year will pay for the land and where one acre put in potatoes will pay for five acres at the present price; where you and your family will be healthy and you are sure to prosper if you work and try like you have to in Missouri. Now I know what I am saying, as I lived here in good old Missouri for 18 years and always tried hard to get us a home, but when I left here three years ago I owed over $1,600.00 of debts here that I could not pay, but have paid them since I went to Wyoming. I am only telling you this to encourage you to come. We have good schools good churches, good water and climate, and as good people as you can find anywhere. I have land I can sell from $15.00 per acre up to $50.00 per acre. Close to two good railroads. Have got a 2,400 acre ranch at $25.00 per acre that is sure a bargain.

Now the first reason I want you to come to Wyoming is, because if you come and buy a farm I get a small commission out of it, but that is not the best reason. I know I will be doing you a favor and know you will always be glad you come. Now, in case some stranger to me should read this ad. I will give you as reference some of the best men in Nodaway County or any other county. In Parnell, James Barber, W. N. Morgan, C. C. Evans, A. J. Roof, Bill Jackson; Ravenwood, Mo., S. E. Wells, and V. O. Hunt; Barnard, Mo., George Cole, banker; Graynor City, Mo., Charlie Lewis; Sheridan, Mo., C. C. Hall; Hopkins, Mo., Albert Mutti; Maryville, Mo., Nathaniel Sisson, U. S. Wright, Henry Wright, James Robinson. For any information about this county, if you can't see me when I am here, write me at Carpenter, Wyo. I took three men out with me two weeks ago and sold all three a farm. Would be glad to have you talk to any of these men: Cecil Talkington of Parnell or Elmer Talkington and Pete Mumford of Bedford, Iowa. We raise corn, wheat, oats, barley, rye, speltz, flax, millet, cane and potatoes, alfalfa and good gardens. Poultry of all kinds do well. Stock of all kinds do well, especially hogs, as hog cholera is unknown.

The only way you can realize what a good county we have is to come and see it. For further information, write—

GIVE UP ALL SUBS

FOCH, AFTER MEETING ENVOYS DRAFTED NEW CLAUSES

TIGHTENED THE TERMS

Instead of 50,000 Railroad cars, 150,000 Must Be Turned Over.—Must Leave Russia Quickly.

Special to The Democrat-Forum.

Washington, Nov. 13.—Amendments of the armistice terms made by Marshal Foch after his first meeting with the German plenipotentiaries as announced tonight by the state department include the delivery to the United States and the Allies of all of Germany's submarines, instead of the 160 specified in the original draft of the armistice.

Another amendment specifies that "the countries on the left bank of the Rhine evacuated by the Germans shall be administered by the local troops of occupation," instead of by the local authorities under the control of the armies of occupation.

Left to Allies' Discretion.

Instead of the immediate withdrawal of German troops from Russia, as originally provided, the amended terms specify that they shall be withdrawn "as soon as the Allies, taking into consideration the internal situation of these territories (of Russia), shall decide that the time for this has come."

Reduction is made in the amount of certain military equipment to be delivered by the Germans to the associated governments, including 25,000 instead of 30,000 machine guns and 1,700 airplanes instead of 2,000.

The number of railway cars to be delivered, however, is increased threefold, from 50,000 to 150,000. It is against the delivery of this amount of rolling stock that Dr. Solf, the German foreign secretary, has protested to President Wilson, insisting that the distribution of food in Germany to the civilian population will be greatly hampered.

Another amendment provides "that the Allies of the United States should give consideration of the provisioning of Germany during the armistice to the extent recognized as necessary."

In Hands of the Military.

To assure the execution of the armistice convention "under the best conditions the principle of a permanent international armistice condition is permitted." This commission will "act under the authority of the Allied military and naval commanders in chief."

An amendment to the naval clause provides that all vessels designated to be interned shall be ready to leave German ports within seven days of the signing of the armistice. Directions for the voyage to either neutral ports or those of the Allied countries to be designated, will be given by wireless.

Other amendments include:

"Renunciation" instead of "abandonment" of the treaties of Bucharest and Brest-Litovsk and of supplementary treaties.

Evacuation by all German forces operating in East Africa within a period to be fixed by the Allies instead of within one month.

German troops are required to withdraw immediately from Austria-Hungary as well as from Rumania and Turkey. Evacuation by the enemy of the Rhine lands (left and right bank) shall be so ordered as to be completed within thirty-one days in all after the signing of the armistice, instead of nineteen days.

NON-WAR BUILDING REVISED

Commercial Construction Under $10,000 and Public Buildings Costing Less Than $25,000 Need No Permits.

Following the signing of the armistice public and commercial building of a non-war character within certain limits may now be resumed. In a letter to W. C. Pierce, county chairman of the Council of Defense, Frank M. Robinson, state secretary, advises as follows:

All commercial non-war construction costing less than ten thousand dollars and church, hospital and public buildings costing less than twenty-five thousand need no permits. This applies to applications previously rejected, also all work begun previous to September 3 and substantially completed can proceed. Letter covering details follows. Urgent need for councils. Keep them intact. Washington advice.

DIED AT GREELEY, COLO.

Contracted Pneumonia While Visiting Relatives in the West.

Mrs. Earl Bever of Burlington Junction, has received word of the death of her sister-in-law, Mrs. B. F. Carson of Mound City, who died last Friday at Greeley, Colo.

Mrs. Carson's death was due to pneumonia and she was visiting relatives at Greeley when she contracted influenza which developed into pneumonia.

Sweden Would Be Republic

London, Nov. 13.—The German revolution is strongly impressing Swedish socialists, said an Exchange Telegraph dispatch from Copenhagen. A manifesto was issued in Sweden yesterday calling for a conference of socialists at Stockholm, the socialists demanding the formation of a workmen's and soldier's councils in order to establish a Swedish republic and an eight hour work day.

To Distribute Crown Lands.

Paris, Nov. 13.—The king of Roumania has proclaimed universal suffrage for both sexes and the distribution of great estates in crown lands and in Bessarabia, said a Jassy dispatch today. The king has appealed for order in his country.

Clarence Dysart Ill.

Clarence Dysart of Bolckow, who is quite well known in this community, is critically ill at his home with pneumonia.

Visiting in Kansas City.

Mrs. Earl Trullinger went to Kansas City this morning to spend a few days visiting. Mr. Trullinger accompanied her to St. Joseph where he will spend the day.

Dr. N. W. Templeton has removed his offices from the Empire theater building to the west suite in the new Michau building.

'TAME AS RABBITS'

YANKEE SERGEANT DISCUSSES CONTENTED GERMAN PRISONERS

MAKE GOOD WORKMEN

They Are Well Treated, Comfortably Housed and Well Clothed and Fed.—Sentiment Doesn't Figure.

New York, Nov. 13.—"These guys?" snorted the sergeant. "They're tame's rabbits and damned glad to be here."

"These guys" were a bunch of German prisoners in our largest prison camp in France. The United States has three camps, two for men and one for officers, but the censor won't permit the revealing of their locations.

I was in one of the men's camps. The sergeant on guard was a Texan, "Buck" McKay, he'll answer to and tell you there's no town like Tyler, but he didn't think much of his charges, although in his opinion they were more to be pitied than scorned.

"You couldn't chase 'em away," added the sergeant. "Ask 'em how they like it."

The conducting officer said it would be no breach of the rules, so I followed the advice. There were over a thousand Fritzes in the camp, but a number of them were away on their daily jobs. The others were doing odd jobs around the camp.

One and all saluted when we approached them and smiled in pleasant anticipation. Did they get enough to eat? Sure they did, the same rations as the American troops. The hours they kept at work were the same as those laid down for the American army Their tobacco allowance was the same as that of the American soldier.

Twice a week they had the privilege of writing back to the "Vaterland" and of telling how they were faring. On Sundays they rested and hung around and smoked. The officer in charge of one of the prison gangs said they were good workmen, too. One of them, a non-commissioned officer, got into conversation with the captain one afternoon about the work in question.

"Herr Captain," declared the German naively, "with our efficiency and under your able direction we ought to be able to accomplish wonders."

The captain agreed and directed the under-officer to get all the efficiency he could out of his men. The boche did. He sub-organized the gang from an intimate knowledge of his men and their capacities and waltzed through their job in record time. He got an extra tobacco allowance for his pains.

The prisoners are well treated, comfortably housed and well clothed. When their own clothes become too ragged for wear they are given dyed suits from the Q. M.'s, with large "P. W.'s" stamped on the back.

There's no sloppy sentiment in the American army about winning over prisoners with kindness, but they're treating them well for the sake of the Yanks in Germany.

APPRECIATES SWEATER

Mrs. V. A. Guthrie Received a Letter From Officer at Camp McArthur.

Mrs. V. A. Guthrie living northwest of the city, is in receipt of the following letter from a soldier at Waco, Texas, in which he expresses his appreciation for the sweaters issued by the Red Cross to the men. The sweater spoken of is one made last spring by Mrs. Guthrie, who has been a loyal Red Cross worker at all times.

Camp McArthur, Texas, Nov. 3.

Dear Lady: I hope you will excuse the liberty I am taking in writing you a brief note to express my appreciation of your sweater, which I received today. The weather here is rather cold at present and we can all the more appreciate the comforts of sweaters. We received quite an assignment so that all the men here are provided for and from the expression of gratitude made on all sides, I feel sure that could the ladies who so generously provided us with these comforts hear them they would not feel that their endeavors had been in vain. It is the knowledge of nobleness and generosity of our women folks, that sends our boys in to battle with a smile and steels their hearts to win one of the world's most terrible wars. Would say, that so far as I am personally concerned, that I would rather be a dead American in the cause of honor for home and freedom than be the king of all the world with the banner of Kaiser Wilhelm. I have been three on the Spanish American war, in the Boxer Rebellion in China in 1900 and with General Pershing in Mexico and could I have had my own way would have been in France long ago, but I must stay here in this officers' training school for six months longer before I can leave. I am hoping at the end of that time to be commissioned and sent to France so that I too may do my bit for our country and American homes.

Will close now, once more thanking you for your gift which is highly appreciated and wishing you every happiness, I am gratefully yours,

SERGT. HENRY EWING,
Co. D, Central Officers Training School, Camp McArthur, Texas.

FROM "HOTEL de UNDERGROUND"

Omar Fisher Goes on Some Interesting Expeditions.

Mr. and Mrs. O. P. Fisher have received the following letter from their son, Omar F. Fisher, who is in active service in France.

Hotel de Underground, France, October 5, 1918.

Dear Mother: Received your letter of Sept. 16, this evening. I am now in a dugout, sitting on the floor by a candle on an old bucket turned bottom side up, writing this letter. We are now back of the lines in rest camps. We are the brigade reserve. Last night as we were coming up here we met the artillery boys with their horses going down the roads to their guns, I recognized one of them as Pete Warren. The only thing we got to say was "How are you?" Halley Ford is in the same battery. Didn't get to see him. I have been close to Paul's battery several times but never able to see him. I was out all morning with the lieutenant on a reconnoitering expedition. Saw some wonderful sights. Went through a bunch of dug outs that the German officers had. They were sure swell, had big tables and cushioned chairs, electric lights and a piano. Had them fixed up as if they intended to stay. It sure is interesting to get to go around and see those places and the work I am now doing gives us more chances to see things.

You wanted to know where I am located in France. Well, I can't tell but if you read the papers very carefully you can probably tell. Have you heard the latest name for the 89th? I heard that General Pershing had named them the "wildcat division." That is some name. They were given it for the way they fought and went ahead on the big drive. Would like to tell you all about it but it would take too long.

Joe Archer and I have been bunking together for the last two months.

Well, tell everyone that I am O. K. Never felt better in my life and it is not so bad as some people think it is bver here. Whatever you do, don't worry and give my love to all.

'FLU' IS NO BETTER

OVER 100 PATIENTS ARE REPORTED BY PHYSICIANS

HOSPITAL IS NOW FILLED

Is General Belief That Disease Is Appearing in Milder Form Than at First.—6 New Cases Today.

Dr. F. R. Anthony reported no cases under treatment.

Dr. A. B. Allen reported no cases at present.

Dr. J. H. Todd reported two cases under treatment; no new cases today.

Dr. Vilas Martin reported twenty cases under treatment, two new cases had been taken this morning.

Dr. F. M. Martin reported ten patients. Three new patients today were in country homes.

Dr. W. W. Turner reported nine cases under treatment; no new cases today.

Dr. Clark reported five patients under treatment; no new cases today.

Dr. F. M. Bean reported eight patients; no new cases were had.

With over one hundred cases of influenza in Maryville not including some thirty or more cases at St. Francis hospital, it can be stated definitely today that conditions do not show improvement. Seven new cases are reported.

In an effort to ascertain exact conditions the Democrat-Forum secured from every physician in the city a report of the number of cases that were being treated. The report is given herewith:

Dr. Earl Malotte reported eleven cases under his care with three new cases this morning.

Dr. Frank Wallis said he had ten cases, no new ones having been had.

Dr. K. C. Cummins said that he had twenty-five cases with one new case taken this morning.

Dr. W. M. Wallis, Sr., was out of the city and no report from him was obtainable.

Dr. J. R. Juvenal reported two patients under treatment, both quarantined yesterday.

Dr. W. J. Lininger reported no influenza patients at present.

At the office of the city physician it was stated that no new cases had been reported. The report as given to the Democrat-Forum shows that six new cases were taken under treatment today.

It is the opinion of the physicians generally that the disease is appearing in milder form than at first and is proving easier to handle. One said that if those afflicted with the disease would go at once to bed and remain there until completely well, there was less trouble of complications and less opportunity to spread it.

Another physician said that he believed it would be found necessary to take a complete canvass of the city to determine the number of cases and that strict quarantine must be enforced with cards up at each place before the city would be rid of the epidemic.

Many houses where there are influenza patients have no warning cards.

TO DROP 18 WAR MEASURES

With Peace Proclamation Uncle Sam's Big War Machine Will Start Dismantling.

Washington, Nov. 13.—Eighteen important war measures adopted by the sixty-fifth congress in its two war sessions, will go off the books shortly after a proclamation of peace by the President, according to a statement prepared for the senate by Majority Leader Martin. The most important of these measures are those which control the motor transportation systems of the United States and the telegraph and telephone lines of the country. The railway control law provides that federal supervision shall "continue for and during the period of the war and for a reasonable time thereafter, but shall not exceed one year and nine months next following the date of the peace proclamation.

UNITED WAR WORKERS BUSY

Few Townships in County Have Yet Reported on Drive, But "Goal Will Be Reached" They All Say.

With the United War Work Fund campaign still under way and reports coming in at intervals, township Chairman J. B. Robinson said this afternoon that it was not possible at this time to say just how Polk township stood. "We are busy casting up the returns," said Mr. Robinson, "and with but a few of the committee yet through and reporting we are not able to say how we stand; we are going to reach our goal, however." It is believed from incomplete reports had early this morning that the county is more than half way to the goal.

All committees that have so far reported say that they have met with gen erous responses and some large subscriptions have been made. District Chairman S. G. Gillam and the various county and township directors are confident that all quota will be secured before the week is ended.

GREATER SAVING REQUIRED

Exports of Food Stuffs From United States Must Be Increased by One Half This Year.

Increasing the monthly household allowance of sugar from two or three pounds for each person, which was announced recently, must not be taken as meaning that the conservation of foodstuffs generally is not now fully as important as it was at the height of the sugar shortage, according to F. B. Mumford, federal food administrator for Missouri. While the sugar situation has improved, largely due to the aid of the American housewife in reducing consumption, and to the availability of new domestic cane and beet sugar, the need for greater exports in other lines is no less marked, he said. The United States must increase its food exports by one-half from a stock no larger than last year's.

"Of this the housewife alone saved a total of 13 million barrels of flour or a saving equivalent to approximately 24 pounds of flour for every man, woman and child in the United States.

PLAN MURDER OF SOCIALIST

Revolution in Germany Is Being Aided by Bolshevists.—Council Protects Kaiserin and Daughters.

London, Nov. 13.—There was fighting all day Tuesday in Berlin, said an Exchange Telegraph dispatch from Copenhagen today. Four hundred junker officers held several buildings in Under den Linden, giving battle to the Reds. The Bolshevikists plan to assassinate all socialist leaders in Europe, says the Copenhagen Social Politiken. The council of workmen and soldiers in eBrlin is protecting the kaiserin and princesses, wife and daughters of the former kaiser, in Potsdam palace, said a News Agency dispatch from Copenhagen.

Former Sovereign Accepts Holland's Internment Terms.—Find Body of Crown Prince, Killed by His Own Troops.

London. Nov. 13.—The Allied command has notified the German army command that there will be no modification of the present armistice conditions, said a French wireless dispatch, except an extra twenty-four hours that will be allowed for the evacuation of Belgium and Alsace-Lorraine.

Washington, Nov. 13.—By the direction of President Wilson, Secretary Lansing notified Dr. Solf, German foreign secretary that everything possible would be done to relieve famine conditions in Germany. Secretary Lansing told Dr. Solf that the President has already announced here that the Allied conference at Versailles had unanimously agreed to take every possible step to afford relief.

London, Nov. 13.—The former German kaiser has accepted the Dutch government's internment terms, said an Exchange Telegraph today from Amsterdam.

Amsterdam, Nov. 13.—The independent German socialists in the German government have decided to establish a tribunal to try Admiral von Tirpitz, General Klem, Dr. Knapp, a leader of the Fatherland party, Admiral von Lietzendorff and others responsible for the continuation of the war, said a dispatch to the Telegraf today.

Washington, Nov. 13.—The peace conference will be expedited as much as possible. Administration officials said today the President was already speeding up the preliminary machinery, as he probably more than any other individual, realized that only an almost immedite peace will check the German anarchistic movement.

London, Nov. 13.—The German crown prince was assassinated by his own troops according to an Exchange Telegraph dispatch today from Paris, quoting advices from Berne. The body was found in a railway coach. In addition to being shot the prince was also bayonetted. He was killed by troops that were escorting him into Holland.

Clun Price in England.

Sends Interesting Description of the Country to Home Folks.

Mr. and Mrs. John P. Price have received the following letter from their son, Clun Price, with the American Aerial Photographic Corps, who had just arrived in England.

Somewhere in England, Oct. 19.

Dear Folks: At last we are on solid land again. It sure does feel good to walk on something that isn't rocking. We just set our feet on British soil Thursday evening at 5:30. My first impressions of England are great. We went from the dock to the station and stayed there until 9:30. It was a large station and contained Red Cross canteens, Y. M. C. A. stations, etc. At the R. C. station we were served hot coffee and crackers. At the Y. M. C. A. we purchased some English money and started out to buy something. I found a little shop where cakes, candy, etc., were sold. It was filled with soldiers bent upon the same errand as myself. It was fun to watch us. We merely stated we wanted so many of this or that and held out our hand full of money and let them extract what covered our purchase. We had the misfortune of making a trip across England in the night but as it wasn't a personally conducted "Cook Tour," we didn't kick. I am not crazy about the railroads here. Each coach is divided into compartments holding 8 each. You get about the same sensation as you would in riding a "flivver" on the North Main street paving at home. At midnight we got off the train at some large town and were served hot coffee and biscuits by the Red Cross women. It was a real treat. No matter where we go we find the faithful Red Cross women ready to serve us. When we could see the country, I was greatly impressed with what I saw. The rural communities are beautiful. The farms are divided into small, irregular shaped fields, enclosed with ornamental hedges. The dwellings are all stone and the outbuildings are small thatched affairs. Everything is neat and clean as a picture. The stone houses are all similar and built right on the street. We arrived at our destination at 8 o'clock and after a mile hike, with pack we reached our camp. It is a rest camp and we are only supposed to remain a few days before we go to France. Soon after we arrived we were given our bedding and assigned our bunks. Our bedding consists of four extra blankets, a tuftless mattress and a pillow. My mattress doesn't compare with a "Sterns & Foster" but it conforms to the government sanitary bedding law. I know for I made it myself. We were given a tick and pillow case and I filled them with straw. The foundation of our beds consisted of nice soft pine boards raised about six inches above the floor. It worked fine though. That evening I went down to the Church of England institute where they have a piano, tables for writing, etc. Tonight I took a walk down to the little village near here. It was all open and one could buy anything from a biscuit to second hand furniture.

There are rest camps all around here and one sees Australians, New Zealanders, Canadians and British soldiers, who have been in France three and a half years and are here for a month's rest.

Well, I have described things to the best of my ability and I think you will see that I am enjoying it immensely, if I may speak of army life in that manner. * * *

With love to all,
CLUN.

Druggists Still Asked To Conserve Stocks of VapoRub Needed in "Flu" Districts

Influenza Epidemic Is Decreasing in Most Sections and the Demand Is Slackening, But We are Still 18,000 Gross Behind on Orders and It Will Take Some Time to Catch Up.

THREE MILLION JARS SHIPPED DURING OCTOBER.

On Monday, October 21, we addressed an advertisement to the wholesale and retail drug trade, advising that we were badly oversold, due to the influenza epidemic, stating that all deals and quantity shipments were postponed, and requesting that VapoRub be purchased in small lots only. This condition still prevails.

At this writing we have back orders for eighteen thousand (18,000) gross and our orders each day are double our daily output. The epidemic, however, is decreasing in most sections, the demand is slackening, and we are working night and day to catch up. In the meantime, we ask the trade to be patient with us.

ENORMOUS SHIPMENTS HAVE WIPED OUT EXCESS STOCKS.

On October 1 we had on hand at the factory and in twenty warehouses over the country a tremendous stock of VapoRub, accumulated during the summer months. This is now gone—we actually shipped during the month of October over three million jars of VapoRub. We are speeding up our factory as much as possible and the problem now is to distribute the factory's output as quickly as possible. We have, therefore, for the time being, abandoned freight shipments and are shipping either by Parcel Post or express—trying to give each jobber at least a little stock.

IMMEDIATE SHIPMENTS TO DRUGGISTS IN INFLUENZA DISTRICTS.

Preference is being given to those sections stricken by influenza. In order to reach these sections as quickly as can be, we are, during this emergency, making shipments by Parcel Post, direct, to the retail trade, of not more that three (3) dozen 30c size in any one shipment. We prefer that the jobbers order these shipments for their trade, but to save time we will, if the need is urgent, ship direct on receipt of check. Naturally, no new accounts can be opened during this rush.

SAMPLES AND INFLUENZA BOOKLETS FREE ON REQUEST.

We have prepared a little folder giving all the information available so far on Spanish Influenza—its origin—the symptoms and the treatment, and these will be forwarded to druggists on request. We will also be glad to mail to any individual one of these booklets, together with a quarter ounce sample, free.

HOW TO USE VAPORUB IN TREATING SPANISH INFLUENZA.

In every case call a physician—VapoRub should be used only in connection with the physician's internal treatment.

Apply hot, wet cloths over the throat, chest and back between the shoulder blades to open the pores. Dry lightly and rub VapoRub well in until the skin is red—spread on thickly and cover with hot flannel cloths. Leave the bedcovering loose around the neck, as the body heat releases the ingredients in the form of vapors. These vapors, inhaled with each breath, stimulate the lining of the air passages to throw off the influenza germs. In case of head or chest cold, which often accompanies influenza, the vapors tend to keep the air passages open, loosen the phlegm and make the breathing easier. In addition, VapoRub is absorbed through and stimulates the skin, attracting the blood to the surface, and thus aids in relieving the congestion within.

HOW TO USE VICK'S VAPORUB AS A PREVENTIVE.

It is questionable if there is anything which will prevent Spanish influenza, except avoiding those persons who are spreading the disease by coughing, sneezing and spitting, and by keeping up the bodily resistance by plenty of good food and exercise in the open air. The Public Health Service recommends that the nasal passages be coated with a weak solution of Menthol in liquid petroleum as a protective. For this purpose VapoRub is excellent. Just put a small portion up each nostril from time to time during the day and snuff well back into the head.

KEEP FREE FROM COLDS BY INHALING VAPORUB.

Colds irritate the lining of the air passages and thus render them a much better breeding place for the germs. At the first signs of a cold use VapoRub at once. Melt a little in a spoon and inhale the vapors arising, or VapoRub can be used in a regular benzoin steam kettle, such as most druggists carry in stock. If this is not available, a very good substitute to use is an ordinary tea-kettle. Fill half full of boiling water—put in half a teaspoon of VapoRub from time to time—keep the kettle slowly boiling and inhale the steam arising.

PHONES—OFFICE 42. HOME 683

Confirm Appointment of D. A. R. Officers.

At a called meeting of the executive board of the Maryville chapter of the Daughters of the Revolution held yesterday afternoon, Mrs. Fred Harvey was appointed recording secretary in the place of Mrs. L. C. Gann, who resigned the office. The officers of the chapter, elected last spring, were confirmed at this meeting. The national chapter has ruled that all officers be chosen in November and as the local chapter had elected their officers last spring the formal confirmation of these officers was made yesterday. Hereafter the offices will be filled in November. The present heads are Mrs. Will J. Montgomery, regent; Mrs. Joseph Jackson, Jr., vice regent; Mrs. Fred Harvey, recording secretary; Katherine Helwig, corresponding secretary; Miss Mary Q. Evans, treasurer; Mrs. C. C. Corwin, historian; Mrs. D. J. Thomas, registrar; Miss Ethel Embree, librarian and Miss Elizabeth Leet, custodian.

XX Century and D. A. R. Give to War Relief.

The Twentieth Century Club and the Maryville Chapter of the Daughters of the American Revolution each subscribed $25 to the United War Work Fund. The gifts were made at executive committee meetings of each organization called yesterday afternoon for that purpose. The gifts are taken from the regular funds of the club and chapter.

"BEST MEDICINE FOR WOMEN"

What Lydia E. Pinkham's Vegetable Compound Did For Ohio Woman.

Portsmouth, Ohio.—"I suffered from irregularities, pains in my side and was so weak at times I could hardly get around to do my work, and as I had four in my family and three boarders it made it very hard for me. Lydia E. Pinkham's Vegetable Compound was recommended to me. I took it and it has restored my health. It is certainly the best medicine for woman's ailments I ever saw."—Mrs. SARA SHAW, R. No. 1, Portsmouth, Ohio.

Mrs. Shaw proved the merit of this medicine and wrote this letter in order that other suffering women may find relief as she did.

Women who are suffering as she was should not drag along from day to day without giving this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, a trial. For special advice in regard to such ailments write to Lydia E. Pinkham Medicine Co. Lynn, Mass. The result of its forty years' experience is at your service.

KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young — to do this you must watch your liver and bowels — there's no need of having a sallow complexion — dark rings under your eyes — pimples — a bilious look in your face — dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that exuberance of spirit, that natural buoyancy which should be enjoyed by everyone, by toning up the liver and clearing the system of impurities.

You will know Dr. Edwards' Olive Tablets by their olive color. 10c and 25c per box. All druggists.

When Peace Comes

Don't jump at conclusions—

Don't think that "the boys over there" will be back on the next boat—

It took two years to get them all there. It will take some time to get them all back, and there will be a lot for them all to do before any one of them comes back.

Don't think that you won't need to save food any more---

Remember there are millions of people who will have to depend upon the United States of America for practically everything they get to eat for a year or more after the war is over. This means we must continue voluntary rationing until Europe and the rest of the world can plant new crops and grow them.

Don't think that man-power will no longer be needed---

Three million men are still out of industry. Government war work will continue at top speed for a long time, even after peace has been assured.

Don't think that transportation will be normal at once again---

The railroads all over the country will have more than they can do in transporting Government supplies, raw materials and essentials for a long time to come.

Don't think that the Government will stop work on great contracts for armament---

Plans for the Navy alone are not one-third completed, we understand, war or no war, and these are only part of the Government's defense plans.

Don't think that peace will at once stop the march of rising prices---

Many factories will never again produce goods for civilians, many others will not produce such goods for some time to come, none will be able to make their product at lower prices until they can buy the raw materials for less and their present other costs diminish. This won't happen until there's far more raw material than now to draw upon, and until there are enough men released from military service to run the mills with their former speed and output.

Don't think that there will be more goods from which to choose immediately---

There is likely to be less before there is more. First, for the reason above, and second, because in this store now, for instance, are immense stocks of goods purchased at former costs. They are of better qualities in many instances that are being produced today. Much of this merchandise could not be duplicated today at any price, because the kinds and qualities are simply not being manufactured now. Much of this merchandise, if replaced, would now cost much more than it did. Consequently, at this store you need not pay prices based on the present higher costs, but you may, while present stocks last, continue to pay prices figured on the former lower costs.

So you see even when peace is absolutely certain, peace conditions for us all will impose many duties no less necessary than those of war.

May we never be guilty of the error of rash hopes or the abandonmen of self-restraint. May we never jump at conclusions—but continue to be earnest and of sound, good judgment, that the great wonder of peace may spread its joys and its blessings throughout this land of ours gradually, naturally, wisely as it should, without interruption.

SPANISH INFLUENZA

Do not Fear When Fighting a German or a Germ!

By DR. M. COOK

The cool fighter always wins and so there is no need to become panic-stricken. Avoid fear and crowds. Exercise in the fresh air and practice the three C's: A Clean Mouth, a Clean Skin and Clean Bowels. To carry off the poisons that accumulate within the body and to ward off an attack of the influenza bacillus, take a god liver regulator to move the bowels. Such a one is made up of May-apple, leaves of aloe, root of jalap, and is to be had at any drug store, and called "Pleasant Purgative Pellets."

If a bad cold develops, go to bed, wrap up well, drink freely of hot lemonade and take a hot mustard footbath. Have the bedroom warm but well ventilated. Obtain at the nearest drug store "Anuric Tablets" to flush the aches. Take an "Anuric" tablet every two hours, together with copious drinks of lemonade. If a true case of influenza, the food should be simple, such as broths, milk, buttermilk and ice cream; but it is important that food be given regularly in order to keep up patient's strength and vitality. After the acute attack has passed, which is generally from three to seven days, the sytem should be built up by the use of a good iron tonic such as "Ironic" Tablets, to be obtained at some drug stores, or that well known blood-maker and herbal tonic made from roots and barks of forest trees—sold everywhere as Dr. Pierce's Golden Medical Discovery. Public Notice

To any person that wants to make more money, come to Wyoming and buy you a farm where the crop in one year will pay for the land and where one acre put in potatoes will pay for five acres at the present price; where you and your family will be healthy and you are sure to prosper if you work and try like you have to in Missouri. Now I know what I am saying, as I lived here in good old Missouri for 18 years and always tried hard to get us a home, but when I left here three years ago I owed over $1,600.00 of debts here that I could not pay, but have paid them since I went to Wyoming. I am only telling you this to encourage you to come. We have good schools good churches, good water and climate, and as good people as you can find anywhere. I have land I can sell from $15.00 per acre up to $50.00 per acre. Close to two good railroads. Have got a 2,400 acre ranch at $25.00 per acre that is sure a bargain.

Now the first reason I want you to come to Wyoming is, because if you come and buy a farm I get a small commission out of it, but that is not the best reason. I know I will be doing you a favor and know you will always be glad you come. Now, in case some stranger to me should read this ad. I will give you as reference some of the best men in Nodaway County or any other county. In Parnell, James Barber, W. N. Morgan, C. C. Evans, A. J. Roof, Bill Jackson; Ravenwood, Mo., S. E. Wells, and V. O. Hunt; Barnard, Mo., George Cole, banker; Graynor City, Mo., Charlie Lewis; Sheridan, Mo., C. C. Hall; Hopkins, Mo., Albert Mutti; Maryville, Mo., Nathaniel Sisson, U. S. Wright, Henry Wright, James Robinson. For any information about this county, if you can't see me when I am here, write me at Carpenter, Wyo. I took three men out with me two weeks ago and sold all three a farm. Would be glad to have you talk to any of these men: Cecil Talkington of Parnell or Elmer Talkington and Pete Mumford of Bedford, Iowa. We raise corn, wheat, oats, barley, rye, speltz, flax, millet, cane and potatoes, alfalfa and good gardens. Poultry of all kinds do well. Stock of all kinds do well, especially hogs, as hog cholera is unknown.

The only way you can realize what a good county we have is to come and see it. For further information, write—

Frank Bebb, Carpenter, Wyoming
